Modernistic Club News Bulletin

A nice audience turned out Sunday at 10:00 a.m. for regular Sunday School Service, and as usual we had a good day. The lesson was explained beautifully by Pastor Lawing. All who attended Sunday School gained helpful information about the Bible.

The Mount Airy Senior choir had a very successful "Choir Feast," Sunday, June 25, at 3:00 p.m. A number of choirs took an active part in the service, by sending donations, since they were unable to come out in person. Those appearing on the program were: First Baptist and Galilee combined, Canaan Baptist, Morning Star, Mineral Spring, and Peaceful Grove. Everyone present enjoyed the beautiful songs of praise.

We wish to thank those who accompanied Galilee to Mount Airy, young and old, to make teh singing successful. We shall call upon you again real soon. We especially thank Sister E. Berry for offering her service, and Sister Louise Watson for helping sing in the choir. Please call upon us at any time. We shall be happy to render service.

We learned that Mr. Percy Bell entered Lynchburg General Hospital Sunday, for special treatment. We hope for him a speedy recovery.

We are also hoping that sister, O. W. Smith, and sister Stephens Gafford, are still on the road to recovery, and will soon be back to their home, again feeling fine.

Don't forget the Youth of Galilee Baptist Church are presenting their annual day, Sunday July 2, at 3:00 p.m. Please come out and encourage our church of tomorrow to have a good program. We have asked all of the churches in the county, to come, and share on the program with us.

The guest speaker will be our own Sister Lillie C. Stevens and along with our Junior Choir, the Scruggs singers of Canaan Baptist Church, we hope will appear on the program. Come out one and all. We know that you will come out, in round numbers to the program.

We certainly hope that sister Edna Pankey is improving. We are sending up prayers for all who are ill.

Sister Gracie Branch is not feeling her best at this time. We hope that she will soon be her self again.

We trust that sister Ella Brown is getting along nicely we learned that she is back home at this writing.

SEE YOU NEXT WEEK!!

Public Notice

PROPOSED HIGHWAY PROJECT ROUTE 626 (HOLIDAY LAKE RD.) Appomattox County

All interested persons are advised that the State Highway Commission of Virginia is hereby indicating its willingness to participate in a Combined Location and Design Public Hearing concerning the proposed improvement of Route 626 in Appomattox County, beginning at the intersection of Route 617 to 0.625 mile east of the intersection of Route 617. (Bridges and Approaches over the Appomattox River).

Maps, Drawings, and other information concerning the proposed project are available for public review and copying in the Department of Highways District Office located on Route 29 just south of the South Corporate Limits of Lynchburg, and in the Resident Engineer's Office located on Route 1003 (Ferguson Street) just west of the Norfolk and Western Railway Overpass in Appomattox.

Any interested citizen from the communities affected by the proposed route may request that a Public Hearing be held by submitting a written request to Mr. T. E. Pittman, Resident Engineer, Virginia Department of Highways, Appomattox, Virginia, 24522, on or before July 14, 1972. In the event such a request is received, you will be notified by a further notice of the time and place of the hearing which will be posted.

PERFORMANCE FACTS

When it comes to performance, Pinto is right up there. It has an engine with power to handle American expressways with ease . . . yet has remarkable gas economy. Its sporty rack-and-pinion steering makes for smooth, precise handling . . . turns in a tight 31.5 ft. circle! Its lower/wider stance gives good stability. Pinto's roomier interior gives you and your passengers lots of driving and riding comfort.

FORD DEALER SERVICE FACILITIES

Over 5,600 dealers are conveniently located everywhere in the country. No matter where you go, or where you're at, you'll find a Ford Dealer ready to offer you fine, fast, friendly service. His up-to-date electronic diagnostic equipment, factory-trained mechanics, and well-stocked parts department all help serve you with better ideas in service, too.

SERVICE REQUIREMENTS

In maintenance matters, Pinto was designed to save you money and time. Many of Pinto's service requirements are engineered for easy do-it-yourself maintenance. Don't forget, when buying a small car, to be sure to take into consideration such things as normal oil changes, major chassis lube intervals and brake adjustments . . . all cost factors in the economy of operating a subcompact. For instance, Pinto requires normal oil changes only after 6,000 miles. And it normally goes an average of 3 years (36,000 miles) before a major chassis lube is needed. As for brake adjustments, Pinto's brakes are self-adjusting. When you get back to basics, you get back to Ford.
